REPORT OF FIREWARDS

We have had 22 alarms, 20 chimney fires, 2 general alarms.

The Whitney Bros. Co. boiler room fire caused by spontaneous combustion.

The Erving Ward house fire caused by lightning.

The firewards recommend that the Wauchussetts piece of apparatus be replaced by a modern fire engine because it has been in service for twenty-two years and the cost to put it in condition is prohibitive.

POLICE DEPARTMENT REPORT—1948

During the past year the Police Department received 70 complaints of various natures, as compared with 640 in the previous year. There were 11 accidents as compared with 73 for the year of 1947. The Police Department made 21 arrests during 1948.

I think that from the foregoing report you will agree that the Police Department can feel justly proud of its record in 1948. Not only was there a sharp decrease in the number of complaints and accidents, but much has been accomplished towards the slowing down of speeders through the main street of the town. Much work was done on traffic violators—cars with defective equipment, one light, etc., which are a menace, not only to themselves, but to other motorists on the highway.

The Police Department is now fairly well equipped as far as uniforms are concerned, but badly in need of other equipment.

I was greatly surprised to find that the police officers in this town have no liability protection. In other words the expense of any personal injury or car damage resulting from police duties, must be borne by the officer involved, which, of course, is not as it should be. Police work is hazardous, to say the least, and some protection should be afforded the officers carrying out these duties.

I have, this past year, tried to do many things at little cost. Some of these are: (1) that town ordinances be drawn up to "back up" the enforcement of stop signs and no parking signs, etc. At the present time there isn't a law in the town other than those which the state law might cover.

(2) Large 25 m. p. h. signs at the Keene line and Dublin road.

(3) Cross walks in front of the school, from the old post office to the community house and across from Legion home to engine house.

(4) No parking signs near Hall & Croteau's and barber shop.

(5) Bus stop sign in front of the restaurant (Mom & Dad's).

I think that even the critics, who felt that there were too many "cops" around, will have to agree that they received more police protection at no extra cost than the town ever had before.

Some of the townspeople don't realize that (1) times have changed, (2) that there is more activity here than ever before and (3) that there is a certain amount of juvenile delinquency prevalent and that the standards set for 50 years ago just will not meet the requirements of today.

Respectfully submitted,

EDGAR W. READ,

Chief of Police.

SECRETARY'S REPORT FROST FREE LIBRARY 1948

The Annual Meeting of the Trustees of the Frost Free Library was held in the Library on Nov. 6th, 1948. Due to the absence of the President, Mr. Rufus S. Frost, the meeting was called to order by the Vice-President, Mrs. Mabelle A. Page, and opened with prayer by the Rev. Marshall O. Eck.

The Treasurer's and Librarian's reports, which are printed elsewhere in this Town Report, were accepted and ordered to be placed on file.

The Trustees received a gift of \$500.00 to set up a Fund to be known as the Lillian Russell Atherton Fund, the income thereof to be used to buy books for the Library. This gift is very gratefully received in memory of the former Mrs. Lillian Atherton who was a faithful and interested patron of our Library.

The Librarian reported that there are considerable number of books which need rebinding, and it was voted to have the work done, under the supervision of the Librarian and Mrs. Page.

To save fuel and also keep the Library more comfortable, it was suggested that it would be well to have a new portico built for the entrance door. It was voted that Mr. Walter Buckminster look into the cost of such an addition and report to a later meeting.

It was voted to ask the Town to appropriate again this year, \$800.00 for the maintenance of the Library. The cost of books and magazines continues upward, and other costs accordingly. When we consider that the American Library Association recommends a budget of \$1.50 per capita for a Town of our size for the maintenance of a Library, it would seem that Marlboro is maintaining a conservative budget.

We have been served for another year by a loyal Librarian, Mrs. Mahon, who takes her duties seriously, keeping the mental welfare of our growing readers much on her conscience; and by a Janitor, Mr. Smith, who takes pride in the appearance and comfort of the Library, both inside and out. We should be thankful and ready to help them in every way possible.

The following officers for the ensuing year were elected: President, Mrs. Rufus S. Frost; Vice-President, Mrs. Mabelle A. Page; Secretary-Treasurer, Miss Ruth E. Hemenway; Auditor, Mr. Charles T. Richardson; Librarian, Mrs. Inez E. Mahon; Executive Board, The Trustees, Selectmen and Pastors; Book Committee, Miss Ruth Hemenway, Mrs. Mabelle A. Page and Mrs. Inez E. Mahon.

Respectfully submitted,
 RUTH E. HEMENWAY,
 Secretary.

LIBRARIAN'S ANNUAL REPORT

November 6, 1948.

To the President and the Trustees of Frost Free Library the librarian submits the following report for the year ending Oct. 1, 1948.

The library has been open 104 times with a total circulation of 5,305 books, 2,401 of which were adult fiction; 2,460 juvenile fiction and 373 non fiction.

The circulation of magazines was 2,726. No record was made of the magazines used at the reading table.

147 new books have been added this year. Several people have generously given books and magazines.

The circulation of juvenile books has increased. This fact was due to the many new and attractive books and to the Reading Contest for the children in the first six grades of school. This contest began June 16, and ended July 28. A total of 469 books was read. A party was held on the library lawn for the contestants. The trustees and

teachers helped very much in making the contest a success.

Throughout the year the teachers in the public school have been helpful and very pleasant to work with. Some of the Girl Scouts have earned merit badges working in the library and have been a real help. We have many of the books on the church reading list and are always glad to help people find them.

I wish to thank our faithful caretaker, the trustees who have been so interested and helpful, and the Frost heirs for making this a pleasant year.

REPORT OF HEALTH OFFICER

There have been no epidemics in the past year and only a few scattered cases of communicable disease.

The majority of complaints made to the Health Officer concerned inadequate sewerage disposal about which little can be done with existing facilities in the town.

MARLBORO COMMUNITY NURSING ASSOCIATION

The Marlboro Community Nursing Association submits the following report for the year 1948.

The Association ends the year 1948 with a small balance in the treasury. At the annual meeting it was voted to ask the citizens of Marlboro to assist the Nursing Association by raising the sum of \$1,500 toward the maintenance of our nursing service.

This year upon the retirement of Mrs. Otto Baldwin, vice president, we elected Mrs. Ralph A. Pierce as our new vice president.

The reports of the District and School nurse will be found elsewhere in this town report.

In behalf of the Nursing Association I wish to extend our sincere thanks to Miss Tuttle and to Mrs. Clifford Richardson and her staff for their cooperation and efficient service in handling telephone calls. To Dr. McIntire and to all friends and organizations who have helped in many ways during the year to make our work more efficient and to Miss Dufton, who has done her work faithfully, we extend our thanks.

Respectfully submitted,
HELEN E. KNIGHT,

President.

**REPORT OF MISS HELEN DUFTON, R. N.
MARLBORO COMMUNITY NURSING ASSOCIATION
YEAR 1948**

To the Officers and Members of the Marlboro Nursing Association:

This report completes the first complete year with you. Many of the 583 calls made were free calls, including transportation and Doctor's Office calls and to various Keene Clinics. Whenever possible, to assure prompt attention to children's needs, financial aid was rendered through various channels. Some of these, I am sure could be refunded in order that more assistance could be given, as dental expense is a progressive demand. The Fund given by the Women's Club and the Ladies' Circle is still intact, awaiting authoritative spending. There are many older children who need help.

I have had one home operation and one home delivery, which were both enjoyable, since there was adequate preparation and no complications resulted.

The Toxoid Clinic in the spring was very successful, 96 attending the first clinic.

There have been no communicable epidemics in the past year, but from appearances at the close of this year whooping cough has made a good introduction and there are a few scattered cases of chicken pox and measles. Scabies keeps recurring and also pediculosis. If promptly reported these two conditions cause no complications. We

have a good supply of D. D. T. powder. Miss Carriel, the State Nurse has made several visits to Marlboro and my office, and through her services the clinic bore no expense to Marlboro, as both Dr. McIntire and the late Dr. Elkovitch received their fees from the State Public Welfare Department. Local women offered their services for transportation and assistance with the children and records; the Community House Dining Room and Kitchen proved to be a delightful location for the Clinic, giving ample room for the largest clinic ever held in Marlboro.

A considerable amount of time has been given in distributing clothing which has been donated upon request. Not that there was any family without a Christmas tree, presents were distributed which did make many children happier. I would like to have more shoes, rubbers, underwear, warm snow pants for children because I feel there are some families who do not have adequate salaries to buy food necessary to prevent health hazards and proper clothing, too. Children of school age must be kept in school.

While many school children have been taken care of by their own families, I have offered what services I could to about 35 families. To carry on this work I have received finances from the Lion's Club; the Hemenway Fund; Ladies' Auxiliary of the American Legion of Marlboro; Sight Conservation Program of the State Public Health Department; American Legion Child Welfare and "40-8."

I have attended most of the P. T. A. Meetings of Marlboro and several of special invitation from out of town; also all conferences in and out of town when notified of same. I feel that I have answered the calls made and hope that more will be made this coming year. I feel sure that more insurance calls could be made to those who are sick in bed, even if for only a few days.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Marlboro:

I herein submit my sixth annual report as Superintendent of Schools.

The expanding role of public education emphasizes the need for additional services in most schools. In order to meet the changing needs of youth, there is a widespread need for improved facilities and considerable reorganization in the public schools of New Hampshire.

"School authorities agree that adequate educational opportunity can be had only when elementary schools bring a sufficient number of children together so that there is one teacher for each grade. The present rural school district organization in many small districts includes too few pupils and too little taxable wealth in back of each pupil to provide good schools on an economical basis." The Cooperative School District Law, as passed by the last legislature, makes it possible for neighboring school districts to operate as a single unit with one school building on the same plan of consolidation that was adopted within the Marlboro District several years ago.

A study of the state and national school census indicates that the school population in general will increase substantially within the next ten year period. The percentage of increase in school population within the Marlboro School District cannot be predicted accurately due to economic trends. However, the school census, as printed herewith, indicates full school houses for some time to come, not including pupils from transient families.

Our most urgent problem appears to be that of providing improved facilities rather than that of reorganization. The following two recommendations are proposed for consideration:

1. A more adequate health program which will include health instruction and physical education projects for all pupils.

2. A more adequate program for vocational arts courses.

Since these and other newer developments in education require additional space, the rehabilitation of the school building may become necessary, if a new one is not made available. Within recent years the term "obsolescence" has been added to the educational vocabulary as applied to the school plant. This term is used to designate buildings that structurally are in such condition that they would probably stand for fifty years or more, but from the point of view of housing a complete educational program they are generally unsatisfactory. These buildings usually have good foundations, good walls, and good roofs, but lack many of the requirements for accommodating a modern educational program. They are generally of non-fire-proof construction, with poor natural lighting; have no special rooms for art, music, shops, cafeteria, library, or gymnasium, and have inadequate plumbing with toilets in dark basement rooms. These buildings are generally located on small sites with inadequate playground space.

Legislation on the state and national level has been proposed to finance, in part, new school building programs that are necessary but beyond the means of local districts. It appears that federal aid and substantial state aid to local districts will be forthcoming.

There were two replacements necessary on the regular teaching staff at the close of the school year in June 1948. Mrs. Shirley Heise and Mrs. Grace Ward resigned and were replaced by Mrs. Blanche H. Brown of Keene, N. H., and Miss Natalie Lyman of Laconia, N. H., respectively, at the beginning of the school year in September 1948. Mr. Howard W. Park, who also resigned, was replaced by Mr. George Wilson of Port Jervis, New York, and Mr. Frederick Perkins of Boston, Massachusetts. Mr. Wilson is employed in conjunction with several other school districts and teaches music in Peterboro, Dublin, Hancock, Troy and Marlboro High schools. Mr. Wilson also meets twice each week with the school orchestra and special high school chorus. Mr. Perkins teaches the music in the elementary grades of Chesterfield, Fitzwilliam, Harrisville, Troy and Marlboro.

Mrs. Richard Nute of Jaffrey directed the High school chorus for graduation in June, 1948. Mr. Otto Baldvins of Marlboro lead the orchestra.

SCHOOL LUNCH PROGRAM

During the school year ending in June 1948 a total of 14,955 complete noon lunches were served at the school along with 4,352 half-pint bottles of other milk not served with the regular lunch. These totals include 1,644 free lunches and 756 other bottles of milk served to either needy or underweight pupils. A total reimbursement of \$1,264.54 was received from the United States Department of Agriculture through the State Board of Education in order to maintain this project.

Mrs. Corrinne Nash has done well as the cook and lunch room manager. During the last school year the Parent Teacher Association provided assistants to help prepare and serve the lunches. Mrs. Florence Clark became the regular assistant in the lunch room at the beginning of the school year in September. Mrs. Ruth Hackler replaced Mrs. Nash for a short time in the early part of the current year. Approximately 110 pupils are being served a well balanced meal at the present time and about

thirty-five others receive extra milk daily. The underweight children are provided with cod liver oil prescriptions to supplement and stimulate the diet.

HEALTH

The health work in the schools is explained in detail in the report of the School Physician, Dr. Percy C. McIntire, which is submitted herewith, and the report of the school nurse, which is made to the Community Nursing Association.

The records indicate that the school lunch program is doing much to build sound bodies. 68 pupils were more than 10% underweight in the early part of the school year and at the present time only 35 names appear in this group.

The playground activities are supervised by the teachers at recess and during the lunch period. Some playground equipment has been provided this year and much more is needed. The Parent-Teachers' Association has become interested in this worthwhile project.

IMPROVEMENTS

The two classrooms at the primary school have been redecorated with sight-saver paint since my last report. The exterior woodwork and windows on the small building have also received a coat of fresh paint.

The high school building has been painted in part on the outside including the fire escapes. The large chimney has been replaced to the roof.

A storeroom has been provided for school lunch supplies in the basement. New clocks have been provided for several classrooms. Most of the furniture has been resurfaced in all the classrooms within the last two years. One piano has been replaced. New ceilings in three classrooms add much to the appearance of these rooms. The stair treads have been replaced on the four stairways to the second floor and basements. Considerable work has been done on the trees about the school yard to improve the natural lighting within the building and to remove the danger from falling limbs.

CONCLUSION

I wish to thank the school board, teachers, other school employees, parents and citizens for their cooperation and services to the Marlboro School District.

Respectfully submitted,

JOHN H. FRYE,

Superintendent.

Marlborough, N. H., January 31, 1949.

REPORT OF HEADMASTER OF HIGH SCHOOL

Mr. John H. Frye, Superintendent of Schools, Marlboro, New Hampshire:

I herewith submit my sixth annual report as Headmaster of Marlboro High School.

ENROLLMENT

When school opened in September 125 pupils were registered in grades 7-12. Of these, 49 were in grades 7 and 8 while the remaining 76 were in the senior high school. These figures represent an increase of 3 over the opening enrollment of one year previous. Once again practically all members of last year's eighth grade are continuing in high school.

The following table shows the enrollment by grade and sex.

	Boys	Girls	Total
Grade 7	13	12	25
Grade 8	8	16	24
	—	—	—
Total	21	28	49
Grade 9	14	10	24
Grade 10	14	6	20
Grade 11	8	12	20
Grade 12	5	7	12
	—	—	—
High School total	41	35	76

Our enrollment now is 120, One boy who left has enlisted in the armed forces, two have left town and one left because of lack of interest. The fifth pupil is temporarily away and will be back soon. We have three tuition pupils.

ATTENDANCE

Attendance so far this year has been very good. Twenty-nine pupils have perfect attendance to date. The following pupils are in this group.

- Grade 12: Walter Harrison, Eleanor Richardson, Doris Robichaud.
- Grade 11: Carolyn Ford, Helen Hendrickson, Robert Lerandeau, Frances Ward.
- Grade 10: Gloria Allen, Jacquelyn Cheney, Janis Croteau, Betty Weston.
- Grade 9: Kenneth Frye, Helen Greene, Gail Hunt, Margaret Martin, Sidney Rollins, Eleanor Webber, Charles Weston.
- Grade 8: Carolyn Bottomley, Shirley Croteau, Alice Mattson, Donald Phelps, Donald Stoodley, Rena Thompson, Phyllis Ward.
- Grade 7: John Allen, John Frye, Victor Giguere, Henry Lerandeau.

With few exceptions the excuses brought in for absence seem to be reasonable. Most parents cooperated in our policy of required excuses. A few pupils cause nearly all of our cases of tardiness. There is some improvement over last year, however.

SCHOLARSHIP

Most of our pupils are doing satisfactory work. We are attempting to impress upon them the necessity of increased effort because of a more selective admission policy being adopted by post secondary institutions. There is a need for improved study habits on the part of some pupils. A few pupils apparently need stronger direction at home. All parents should insist upon some homework being done. Many pupils avail themselves of the opportunity to get help in the afternoon while others who need it most fail to take advantage of the after school hours.

A check of the permanent records for the period from September 1947 to June 1948 shows the following pupils with honor grades:

High honor—Average of A.

Juniors—Eleanor Dutile.

Sophomores—Helen Hendrickson, David Richardson, Frances Ward.

Freshmen—Gloria Allen.

Grade 8—Gail Hunt, Ann Wiinikka.

Honor—Average of B.

Seniors—Doris Brown, Joseph Cheney, Caroline Clark, Evelyn Croteau, Harold Croteau, Jean Croteau, Pearl Pelletier, Lorraine Thompson, Barbara Yardley.

Juniors: Johanna Beaudoin, Edna Beauregard, David Cheney, Joanne Croteau, Robert Larro, Eleanor Richardson, Loretta Richardson.

Sophomore—Patricia Chickering, John DesJardins, Robert Lerandeau, Sally Robinson, Harold Tonseth, Rowena West, Marion Worcester.

Freshmen—John Baldvins, Leonard Daigle, Mary Martin, Theresa Martin, George Mason, Frederick Morris, Roger Voudren, Betty Weston.

Grade 8: Elton Blood, Beatrice Bright, Edward Croteau, Kenneth Frye, Eleanor Webber, Charles Weston.

Grade 7: Sally Burgess, Shirley Croteau, Jean Demerse, Alice Mattson, Rena Thompson, Elyn Walker, Phyllis Ward.

These lists include about two-thirds of our pupils.

TEACHERS AND SUBJECTS

The list of teachers and their assigned subjects follows:

Mrs. Elizabeth Arsenault: History and Civics 7-8; Geography 7; Civics 9; Math 7; Practical Arts 7 and 8; B and C subjects.

Miss Eleanor Labrie: Modern European History; English 9-12; B and C subjects; Dramatics.

Miss Margaret Miner: Office Practice; Stenography; Typing; Bookkeeping; Junior Business Training; Girls' Athletics.

Miss Margaret Griffin: Economics; French; Latin; English 7 and 8; B and C subjects.

Mr. William O. Frazer; Science 7-9; Biology; United States History; Manual Arts 7 and 8; Math 8.

Mr. Irvin Gordon: Headmaster; Chemistry; Algebra 9; Geometry; Math 12; Gen. Math 9.

Mr. George Wilson—Music.

SPECIAL ACTIVITIES

All classes sponsor some extra curricular activity. These are scheduled on the average of one major event a month. Several victrola dances and game parties are held in addition to the above. These are not open to the public.

Last year's Junior Prom while not a huge success financially was well done and gave good social training. The practice of selecting a queen was continued. Miss Barbara Yardley was crowned with a fitting ceremony.

This fall the sophomores sponsored the Freshman Reception, the juniors a Harvest Dance and the seniors the annual play. Appropriate exercises were held at the close of school for the Christmas holidays.

Members of the junior and senior classes with chaperones went to Boston to witness the production of Hamlet. Some sightseeing in the Boston area was included on this trip.

Films are being used on a regular schedule to supplement classroom teaching. A series of assemblies is being planned to present to the pupils an insight into the advantages of continued training and to explain occupational opportunities.

CLASS OF 1948

Three of the sixteen members of this class are attending school, three are serving in the armed forces, nine are employed and one girl is married. Of the three getting higher education, one is at the University of New Hampshire, one is training at Mary Hitchcock School of Nursing and one is attending business school.

Members of the class went on a five day trip to Washington, D. C. and New York City during the April vacation. A very interesting itinerary and fine weather combined to help the class gain many lasting impressions. Congressman Cotton and his staff gave generously of their time to explain phases of life in Washington.

On Sunday, June 6, Commencement Week Activities began with the following Baccalaureate Service.

ATHLETICS

Last year's basketball teams had good records and the boys' team was invited to participate in the Class C tournament at Hanover where an inspired New London team eliminated Marlboro in the first round. According to annual custom the team again played in the tourney at Townsend and lost to the host school after playing what was probably their best game of the year. Townsend went on to win the tournament in a walk-away.

The baseball team won six of twelve games and prospects are good for a successful 1949 season.

Considerable capable and experienced athletic material left the school with the Class of 1948 and the basketball record this year is not impressive if measured by wins and losses,—6 wins against 7 losses. However the spirit of the boys is excellent and as coach I enjoy working with them. There is considerable material in the lower classes which can be developed. Many of these boys are showing rapid improvement.

Mr. Francis Wilson, a student at Keene Teachers College is at present doing some physical education work with the boys in grades 5-8. This includes basketball. The groups meet three times a week and are enthusiastic about the program.

The junior high girls are also having an opportunity to practice on two afternoons a week.

CONCLUSION

I believe the work being done in our school compares very favorably with that of other high schools of limited facilities. The teachers are interested in improving the school life of the pupils and pupil response to things of a constructive nature is excellent.

I wish to express my thanks to you as Superintendent of Schools, to the members of the School Board, to the teachers, to Dr. McIntire and Miss Dufton and to the custodian of our buildings for the fine spirit of cooperation shown me during the past year.

In closing I wish to thank the parents of our pupils and the many other townspeople who have continued to support our activities with a genuine interest.

Respectfully submitted,
IRVIN H. GORDON,

Headmaster.

REPORT OF SCHOOL PHYSICIAN

There were no widespread epidemics during the school year ending in June 1948 and only a few scattered cases of communicable disease.

The annual physical examinations given to all pupils at least once in two years showed the following defects as of November, 1948.

Defects	Number of Pupils Affected	Number Receiving Treatment	Number Corrected
Underweight (10%)	68	—	29
Defective vision	23	11	—
Defective hearing	6	4	1
Nervous condition	1	—	—
Cardiac disease	13	—	—
Defective teeth	39	5	3
Diseased tonsils	3	—	—
Defective breathing	1	—	—
Enlarged glands	1	—	—

The following number of communicable diseases have been reported during the same school year.

Whooping cough	2
Pediculosis	5
Scabies	10
Impetigo	5

The parents have been notified of all defects and symptoms of communicable disease that have been found in the schools.

Cod Liver Oil prescriptions are now available for all underweight pupils in the schools.

A dental clinic is recommended and will probably be sponsored by the school as soon as arrangements can be made and a dentist becomes available for this purpose.

Respectfully submitted,
 PERCY C. McINTIRE, M. D.,
 School Physician.

REPORT OF THE FOREST FIRE WARDEN

Your local organization to prevent and extinguish brush and woods fires is glad to report a good year of forest protection in 1948. In spite of danger conditions nearly equalling at times those of 1947 when great losses were suffered in New Hampshire and New England, fire damage and loss this year have been gratifyingly low.

With the continuing cooperation of all the people, we can hope to have another successful year in 1949. Let us remember that in any year, over 90% of all fires are caused by carelessness and that all of these man-caused fires are preventable.

Today, we have more slash and uncut grassland than for many years in the past. Smokers, campers and tourists who use our outdoors are also more numerous than ever before. We must therefore be ready for fires which might occur but, above all, prevention by everyone is the greatest need.

A few simple precautions taken by every citizen will help, as follows:

- (1) Always get a written permit from the warden before kindling a fire outdoors when the ground is not covered with snow.
- (2) If you smoke, always extinguish matches and tobacco before dropping or throwing them down. In automobiles, always use the ash trays.
- (3) Report fires and smokes to the warden without delay.

The observance of these and other simple rules will go far to insure safety from fire damage and your cooperation in this way is earnestly solicited.

F. J. BAKER,
District Fire Chief.

1948 FIRE RECORD

Number of Fires, 4.

Acreage Burned, 3%.

Number of Fire Permits Issued, 5.

Respectfully submitted,

LERROY P. DERBY,
Forest Fire Warden.
